Scan2Pay QR code - Quick and easy way to receive payments

Digital payments are here to stay. Customers today are looking for easier, faster and hassle free ways to pay for their purchases. Registering for the QR code with Nouvobanq will help you to meet the growing need for a safe and secure instant payment solution saving you and your customer valuable time.

Faster check out with on the spot payment

The QR code process is fast compared to other digital options and the end to end payment process takes only a couple of seconds. For your customer, the transaction is cash-less, card-less and contact-less. All they have to do is, using the **NouvoConnect app Scan2pay** feature, point their phone to scan the QR code and complete payment on the spot. Fund transfer is instant account to account and entirely secure.
